SPECIAL MISSION AIRCRAFT SOLUTIONS

By Air Bear

The MPP Is The First Aircraft Designed With The Mission Of Airborne Law Enforcement At It's Core

An exceptionally capable ISR platform, the MPP version of the DA62 is providing new levels of performance coupled with incredibly low operating costs. Designed with the mission in mind, the DA62 MPP is the new gold standard in airborne law enforcement.

- Multiple sensor mounting options.
- Exceptional cabin size and comfort for long missions.
- Extended endurance (8 + hours at loiter speeds).
- Cruise at 163 kts with sensor installed, 106 kts @ loiter.
- Total Jet-A consumption at loiter less than 10 gph.
- Twin engine reliability, exceptionally low DOC's.
- Proven law enforcement surveillance performer.
- Power By The Hour & Municipal Lease programs available.

BEST IN CLASS

High performance is no longer synonymous with high cost. Surprisingly affordable to acquire and operate, the MPP will get you in the air quickly... and keep you there!

Learn how the MPP will increase your arrest stats while providing an impressive reduction in your operating costs. Contact Air Bear today to learn more about the MPP, and how we can help you achieve continuous improvement.
